AERONAUTICAL INFORMATION SERVICES DEPENDENCIES AND AIR TRAFFIC SERVICE REPORTING OFFICE (AIS-ARO)

The AERONAUTICAL INFORMATION SERVICES is the entity responsible to receive and/or originate, collate or assemble, edit, format, publish/store and distribute all aeronautical information/data concerning the entire territory of **Costa Rica**, as well as to offer the information of the defined area of coverage for the safety, regularity and efficiency of national and international air navigation.

For this purpose and as an essential complement, the collaboration of all personnel related to aviation is required and especially of PILOTS, in order to offer its informative post flight information data that will help in the feedback process of information received from the States of coverage defined area through the Aeronautical Fixed System (AFS), telefax, electronic mail and exchange of postal information.

Also, we kindly inform pilots and personnel in charge of flight operations the obligation to verify the **Pre-Flight Information** that AIS Aerodrome Dependencies, outstanding at Juan Santamaría, Tobías Bolaños and Daniel Oduber international airports, prepare for that effect, from or toward States to which flights originate.

Also it is available the emission and distribution service of all in force publication by mail, which includes List of valid NOTAM, AIP Supplements (series A and C), AIRAC Supplements, Aeronautical Information Circulars (AIC) series A and C, the Aeronautical Information Publication of Costa Rica –A.I.P. -, Amendments to the AIP and advise of all these publications, reason why it is suggested to subscribe at the Aeronautical Information Publication and Cartography Section (AIS / MAP) responsible of this activity. Additional, this information can be consulted at web page: **www.dgac.go.cr**

Any other information that is required of our services with pleasure can be requested to our electronic mail: **aiscr@dgac.go.cr**
