PLANNED RUNWAY CLOSURES DUE TO CONSTRUCTION WORKS AT **JUAN SANTAMARÍA INTERNATIONAL AIRPORT** **(MROC)**

The Civil Aviation Authority through the company Aeris Holding Costa Rica S.A, informs the airlines and service providers of the Juan Santamaría International Airport (MROC) that, as of **October 9, 2023**, and until **November 30, 2023**, at night, work related to the relocation of the end lights of Runway 07 will be carried out.

The work area will be located on the east side of the end of Runway 07, after 3011 m.

The works to be carried out are:

- Transfer of Runway 07 end lights at 3011 m.
- Adjustment of the runway edge lights of the displaced threshold.
- Disassembly of the existing runway end lights, at the end of Runway 07.
- Disassembly of the existing runway edge lights, in the 60 m displacement.
- Color adjustment of two runway edge lights. White in both directions in the vicinity of the threshold of Runway 25.
- Installation of the new runway end lighting system.
- Deletion of runway side strips, from the demarcated end currently in place.
- New taxiway edge marking on the island between Taxiway M and Taxiway L; and adaptation of the taxiway edge lights.

-2-

- Placement of a new bank of ducts to give continuity to the existing one, for the taxiway edge circuit on the right bank of Taxiway L.
- New taxiway edge marking on the right bank of Taxiway L, up to the end of the runway; and placement of the new taxiway edge lights in this section.

The works will be carried out **at night**, between approximately **0600 UTC** and **1100 UTC**. There will be presence of men and equipment working at the end of Runway 07.

The specific days/hours of the closures will be notified via NOTAM.

The aeronautical information/data that affect the AIP will be amended in a timely manner.

This Aeronautical Information Circular is valid until November 30, 2023.
